### **Our School Commitment on Equality and Community Cohesion**

We are committed to equality both as an employer and a service-provider:

- We try to ensure that everyone is treated fairly and with respect.
- We want to make sure that our school is a safe, secure and stimulating place for everyone.
- We recognise that people have different needs, and we understand that treating people equally does not always involve treating them all exactly the same.
- We recognise that for some pupils extra support is needed to help them to achieve and be successful.
- We try to make sure that people from different groups are consulted and involved in our decisions, for example through talking to pupils and parents/carers.
- We aim to make sure that no-one experiences harassment, less favourable treatment or discrimination because of their age; any disability they may have; their ethnicity, colour or national origin; their gender; their gender identity or reassignment; their marital or civil partnership status; being pregnant or having recently had a baby; their religion or beliefs; their sexual identity and orientation.

The Governing Body at Maplewell Hall School welcome our general duty under the Equality Act 2010 to eliminate discrimination, to advance equality of opportunity and to foster good relations, and our specific duties to publish information every year about our school population; to explain how we have due regard for equality; and to publish equality objective which show how we plan to tackle particular inequalities, and reduce or remove them.

The Equality Act 2010 requires us to publish information that demonstrates that we have due regard for the need to:

- Eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations between people who share a protected characteristic and people who do not share it.

#### **Part 1: Information about the pupil population**

Number of pupils on roll at the school: 170 (30 June 2016. This amount will increase typically throughout an academic year and may change with pupils transferring to other provision)

This is broken down as follows: -

#### Information on pupils by protected characteristics

The Equality Act protects people from discrimination on the basis of 'protected characteristics'. Every person has several of the protected characteristics, so the Act protects everyone against unfair treatment and discrimination.

#### Disability

The Equality Act defines disability as when a person has a 'physical or mental impairment which has a substantial and long term adverse effect on that person's ability to carry out normal day to day activities.'

Number of pupils with disabilities: 170

All pupils have a statement of SEND or an EHCP.

All pupils have moderate learning difficulties, typically along so one or more of the following SEN: -

- ASD
- ADHD
- Hearing Impairment
- Visual Impairment
- Physical impairment
- Medical needs
- Speech and language needs
- Social, mental, emotional health needs
- ODD
- Attachment disorder
- Dyspraxia
- Dyslexia
- Sensory needs

## Race

This includes colour, nationality and ethnic and national origins

The largest single ethnic minority group is white British pupils.

## Sex/Gender

The number of boys in the school is typically 3:1. But this varies in every year group, per cohort

### Information on other groups of pupils

- 31% are classed as disadvantaged children
- Looked after children: 7

These totals are constantly changing and variable for every academic year.

Part 2: Our main equality challenges

This is a summary of the issues that we are most concerned about.

## Sex/Gender

Throughout the school, there are more boys than girls. Our most able pupils in school are boys, as are our ASD pupils. The majority of the staff in school is female.

Strategies and interventions in place to tackle concerns about inequalities resulting from sex/gender include:

- When considering class groupings, we intentionally put together girls and boys within peer groups to ensure both same and different sex/gender friendships are supported. Where this is not appropriate, classes work together to enable same and different sex/gender peer groups to be established and parents are informed.
- We monitor the attainment of all our pupils by gender.
- We set targets to improve the attainment and rates of progress.
- We are identifying and addressing barriers to the participation of boys and girls in activities.
- We ensure that gender stereotypes in subjects and real life contexts are avoided.
- When looking at staffing, we consider class groupings so that children who may need positive male or female staff role models are grouped in classes where male/female staff are available.

## Race

This is typically a very small percentage of pupils at Maplewell.

Strategies and interventions in place to tackle concerns about inequalities resulting from race include:

- Increase number of staff from ethnic minority groups.
- Provide pupils with the relevant communication support if English is their second language

## **Disability**

All of the pupils in our school have varying degrees of disability. There is a small proportion of pupils with complex medical conditions that need routine support in place.

Strategies and interventions in place to tackle concerns about inequalities resulting from disability include:

- Ensuring staffing and resources enables all groups of pupils to make progress in line with expectations.
- Streaming pupil groups according to ability and disability for different lessons...
- All children regardless of disability accesses all parts of the curriculum including community education.
- Relevant training appropriate to increasing medical needs.
- all attainment is monitored by disability, with targets set to improve rates of progress
- Ensuring equality for staff with disability, including risk assessment to recognise reasonable adjustments that are required.
- Continue developing the site to enable pupils to access areas more readily (Accessibility Plan)

## **Religion or Belief**

We have pupils from a wide range of beliefs and backgrounds at Maplewell. Different events are celebrated throughout the school year to enable all pupils to understand their school community.

Strategies and interventions in place to tackle concerns about inequalities resulting from religion or belief include:

- School follows LCC leave of absence policy for children and staff.
- When the Governing body sets holiday dates, consideration is taken of impact of staff absence on staff and pupils.

## **Sexual orientation and Gender Reassignment**

Strategies and interventions in place to tackle concerns about inequalities resulting from sexual orientation and gender reassignment include:

- Sexual orientation or gender reassignment is not a factor that causes inequalities.
- Pupils build on their awareness of this area within their PSHE curriculum

## **Pregnancy or maternity**

Strategies and interventions in place to tackle concerns about inequalities resulting from pregnancy or maternity include:

- Risk assessment for member of staff which may include change of role in school for time of pregnancy if appropriate
- Time off for maternity linked appointments in line with leave of absence policy.

## **Part 3: How we have due regard for equality**

The information provided here aims to show that we give careful consideration to equality issues in everything that we do. Schools are required to have due regard to the need to eliminate discrimination, harassment and victimisation and other conduct that is prohibited by the Equality Act 2010. The information below is a summary of how we are aware of this particular requirement and how we respond to it. Please contact us if you would like to see copies of any of our school policies or minutes of meetings.

Under the Equality Act 2010, we are also required to have due regard to the need to advance equality of opportunity and foster good relations. This includes steps we are taking to tackle disadvantages and meet the needs of particular individuals and groups of pupils.

### **How we are meeting the aims of the general sector equality duty**

- We are aware of the requirements of the Equality Act 2010 that it is unlawful to discriminate, treat some people less fairly or put them at a disadvantage.
- We take steps (reasonable adjustments) to ensure that different groups of pupils and staff are not put at a disadvantage compared to other groups.
- When governors consider equality issues in relation to policies, decisions and services, a record of this is kept in the minutes and papers of governing body meetings.
- We try to keep an accurate record, when possible and appropriate, of the protected characteristics of our pupils and employees.
- We have a school behaviour policy and medication policy that records all incidents as outlined in our policies. We rigorously monitor and apply the relevant sanctions and keep parents informed.
- We have information on anti-bullying within our child protection and behaviour policy that sets out how we will eradicate bullying in school.
- We deal promptly and effectively with all incidents and complaints of bullying and harassment that may include cyber-bullying and prejudice-based bullying related to disability or special educational need, ethnicity and race, gender, gender reassignment, pregnancy or maternity, religion and belief and sexual orientation. We keep a record of all such incidents and notify those affected of what action we have taken.
- Our special educational needs information report outlines the provision the school makes for pupils with special educational needs.
- We have an accessibility plan that sets out the steps we will take to make the school accessible to all pupils as far as is reasonably possible.
- Our admission arrangements are in line with LCC LA policy for admitting pupils with special educational needs.
- Our complaints procedure sets out how we deal with any complaints relating to the school and is published on the school's S drive for staff, is outlined in the staff handbook and is on the school website for parents.
- We aim to observe and implement the principles of equal opportunities and non-discrimination in our employment practices.
- We have procedures for addressing staff discipline, conduct and grievances.
- All staff are encouraged to follow the school's whistle blowing policy at all times.
- We have a staff code of conduct that is published on the Teacher share drive for staff and is outlined in the staff handbook.
- We involve learners, staff, their families and disabled staff in the changes and improvements we make and consult them on issues affecting them.
- The school promotes the spiritual, moral, social and cultural development of all pupils through an enriched curriculum and a celebration of religious and cultural festivals in assemblies and through a well-planned PSHE programme.

- We are developing a curriculum that supports all pupils to understand, respect and value difference and diversity.
- We provide all pupils with opportunities to learn about the experiences and achievements of different communities and cultures
- We ensure that the curriculum challenges racism and stereotypes
- We organise special events for all our community to take part in
- The curriculum is supported by resources that provide positive images that reflect the diverse communities of modern Britain. We promote British Values.
- All staff receive training on promoting equality for all.
