More than a School

23rd March 2017

Dear Parent / Carer

The company who provides our school uniform is now able to provide us with our PE kit too. We have used this company for several years and feel that they provide the best quality for the best price.

Whilst discussing the details, it has been decided that any orders of new uniform are to be done directly through yourschooluniform.com and **NOT** through school. This means that orders can be placed either online, a link will be available on our school website, or by post. You will pay the company directly and then have the choice of having the uniform delivered directly to yourselves or to school, from where we will send it home on transport. No money is to come to school.

We feel that this is going to be a more efficient way of dealing with school uniform orders and have enclosed further details with this letter.

Many thanks for your co-operation with this change.

Yours faithfully

Jason Brooks
Headteacher
